

# Where we focus

We seek to **partner with and invest in companies transforming health care** by changing the consumer and provider experience and **fast-tracking the move toward care in the home.**

We collaboratively develop solutions that increase quality, transparency and efficiency through promising and disruptive ideas.

## CONSUMER

Solutions that address adverse health events and help slow the progression of chronic disease

## PROVIDER

Companies delivering new ways to support payers and providers in the shift from fee-for-service to value-based care

## SITE OF CARE

Solutions that support or accelerate the trend toward care in the home
